

Your Place Or Mine

You must be strong
I`ve watched you all along
And somehow you got all I`m after
It`s time to say hello
Why don`t we have a go
Why don`t we give temptation a chance
Your place or mine
Your place or mine
I don`t wanna wait forever
give me a sign
Your place or mine
Your place or mine
I`d take you for pleasure-cruise
You`re never ever going to forget
You`re really hot
I`m certain there`s a lot
The two of us can do together
I`d love to make you see
How thrilling I can be
So how about a date right away
your place or mine...
and would you say no
if I let myself go
you`d probably love it – I don`t know
so why not begin committing a sin
